Description
The Graduate Student Government offers discretionary funding for Michigan Tech student organizations that require extra funds for on-campus events. This document provides an outline of basic requirements for obtaining GSG discretionary funding for your organization.

The Graduate Student Government (hereafter GSG) Ways and Means Committee, consisting of
- GSG Treasurer, the Chair of this Committee and
- A minimum of two (2) departmental representatives of GSG,
shall handle all requests for funding. GSG reserves the right to invite Michigan Tech organization leaders to assist in the review process, as necessary. The goal of these funding guidelines is to streamline the process in which student organizations can request and receive funding for events on the Michigan Tech campus.

Once application materials are turned in, a representative of the organization may be invited to the next GSG Executive Board, Ways and Means Committee, and/or General Body meeting to give an, at most, 10 minute presentation of their event and answer questions. The GSG Ways and Means Committee Chair will then present the proposal to the GSG General Body at the next meeting. Representatives from the organization are encouraged to attend.
